For Period Beginning July 1, 1958 to June 30, 1960

* * *

LOU BRETZKE

Commissioner of State Lands and Investments

Montana State Land Department

STATE BOARD OF LAND COMMISSIONERS

* *

HON.	J. HUGO ARONSON	Governor, President of the Board
HON.	HARRIET E. MILLER	Superintendent of Public Instruction, Vice President
HON.	FRANK MURRAY	Secretary of State, Member
HON.	FORREST H. ANDERSON	Attorney General, Member

OFFICERS AND PERSONNEL

LOU E. BRETZKE

Commissioner of State Lands and Investments and Ex-officio Secretary of the Board

MRS. PATRICIA KOCKLER	Secretary to the Commissioner
JOHN W. OSBORNE	
MISS EULA MAY HALL	Receptionist - Typist
MISS VINNIE M. WEGGENMAN	Cashier
MRS. INEZ F. MEINDL	
MRS. HELEN R. MAYER	Clerk - Typist
MRS. EVA JANET SMITH	
MRS. ELLA B. DOWNS	Bookkeeper and Pay Roll Clerk
MRS. CHRISTINE H. MARTIN	Lease Clerk
MISS MARGARET BJORNEBY	
MRS. SIGNA L. BURRIS	File and Recording Clerk
MRS. LUCILE HAMLIN	Clerk, Typist and Stenographer
F. L. SORENSON	
PAUL M. BURT	Deputy Field Agent
DAVID R. LAND	
GEORGE F. MOORE	Deputy Field Agent
R. J. SAWTELLE	Deputy Field Agent

Part time assistants, both in the office and field, are employed as the season's work load requires.

Gareth C. Moon, State Forester, Missoula, Montana, is the chief administrative and executive officer under the State Land Board in all matters pertaining to the state forests.

Approximately 488,078 acres of state land have been classified as forest lands. Section 81-901, R. C. M., 1947, forbids the sale of forest lands; however, forest products may be and are sold. The Forester is responsible for the harvesting and sale of these products, fire prevention and reforestation.

Only minor mention is made of any matters pertaining to state forest land in the following pages of this report.

STATE OF MONTANA BIENNIAL REPORT OF DEPARTMENT OF STATE LANDS AND INVESTMENTS

Helena, Montana, October 15, 1960

To His Excellency, The Governor, and Members of the Thirty-seventh Legislative Assembly of the State of Montana.

In compliance with the duty imposed upon me by Section 81-206 of the Revised Codes of Montana, 1947, I herewith submit the Biennial Report of the Department of State Lands and Investments for the two-year period beginning with July 1, 1958, and ending June 30, 1960. In this report we endeavor to present a clear and concise statement of all moneys received from all sources during this period and the distribution thereof to the various funds to which they belong. The report shows the amount of money received designated by law as interest and income and the distribution thereof to the common schools and other educational institutions and it also shows the amount of money received and allocated to the various permanent funds. Comparative statements are given showing the growth in the income of this department from 1896 to the end of the fiscal year June 30, 1960.

Respectfully submitted,

LOU E. BRETZKE

Commissioner of State Lands and Investments

OFFICERS OF DEPARTMENT OF STATE LANDS AND INVESTMENTS FROM JULY 1, 1927 TO JUNE 30, 1960

GENERAL INFORMATION

Under the heading of general information we will endeavor to give you some of the early history of lands granted to the State of Montana for educational and other purposes. For many years these land grants along with federal lands were taken over by the livestock interests as free range with practically no income therefrom. Not until 1900 had the influx of settlers reached the point where it became apparent that cattlemen and sheepmen would have to provide controlled range for their herds. Since that time there has been a steady increase in the demand for grazing and agricultural land and at this time every piece of state owned land adapted to grazing or agriculture is under lease.

The Enabling Act approved by Congress February 22nd, 1889 granted to the State of Montana, for common school support sections sixteen and thirty-six in every township within the state. Some of these sections had been homesteaded and also some sections were included within the boundaries of Indian Reservations and were otherwise disposed of prior to the passage of the Enabling Act. To make up for this loss and in lieu thereof, other lands were granted to the State. The Act provided that all lands granted thereunder could only be disposed of at Public Auction after proper advertising—tillable lands capable of producing agricultural crops should not be sold for less than ten dollars (\$10.00) per acre and lands principally valuable for grazing purposes for not less than Five Dollars (\$5.00) per acre.

Under the Act the original federal land grants made to the State of Montana for educational and other institutions were as follows:

GRANT	ACRES
Public School	5,188,000.00
State University	46,720.00
Montana State College	50,000.00
Montana State College—Morrill	90,000.00
School of Mines	100,000.00
State Normal School.	100,000.00
Deaf and Blind Asylum	50,000.00
State Reform School	50,000.00
Public Buildings (State Capitol)	182,000.00
Soldier's Home	1,575.61
"Militia Camp" now used as an Agricultural Experiment Station	640.00
Agricultural and Manual Training School.	2,000.00
State Penitentiary	9.75

The price per acre received from the sale of these lands constitute Permanent Funds as provided for in the Enabling Act (except lands granted for public buildings). Rentals received from land leases, interest on deferred payments on lands sold, interest on funds derived from land sales and invested in specified securities and all other actual income is made available for the maintenance and support of the public schools and other land grant institutions.

Montana came into existence as a territory in 1889. The first state legislature at their session in 1900 created the office of "State Land Agent" and five years thereafter this title was changed to "Register of State Lands". The rapid settling of the State and the increased volume of business in relation to state lands, demands to purchase, lease for grazing and agriculture and other uses exceeded the legal limitations of such an official. To overcome this inadequacy and to cover the wide field of operations now made necessary, the Legislature in 1927 established the "Department of State Lands and Investments" to be governed by the State Board of Land Commissioners as heretofore provided by the Constitution of the State of Montana. The membership of this Board consists of the Governor as the President of the Board, the Superintendent of Public Instruction, Vice President and the Secretary of State and Attorney General as members.

The law provides that the Governor, by and with the consent of the Senate, shall appoint a Commissioner of State Lands and Investments, who shall be the chief administrative and executive officer under the Board, in all matters except those pertaining to the State Forests, and he also shall be the ex-officio Secretary of the Board. This law also authorized the Commissioner to appoint a Chief Field Agent, a Cashier for the Department, a Secretary and such other personnel as may be needed to properly and efficiently perform the administrative duties of the department.

It has been necessary in succeeding legislative sessions to pass numerous laws to aid in the administrative efficiency of the department in relation to leasing, sale of lands and in setting up certain standards and regulations to be observed by lessees and purchasers.

INCOME

What is classified as income is the money received from the rental and operation of state lands belonging to Public School or other educational institutions, such as grazing rentals, crop shares due the state from agricultural lands, oil lease rentals, together with accruing interest on outstanding land contracts and interest earned on bond investments. Before the distribution of moneys allocated to Public Schools, the law requires that 5% of the total annual income be deducted and credited to the Permanent Fund for Public Schools. Thereafter the Superintendent of Public Instruction makes the division of such income between the counties of the state on the basis of children therein of school age. Then in turn the County Superintendent of schools of each county divides the amount received between the school districts of the county on the same basis. Similar income from the other grants is likewise made available as received monthly to assist in defraying operating expenses of those institutions.

PERMANENT FUNDS

The Enabling Act specifically stated that all moneys received from the sale of lands belonging to the common school grant, and the other grants heretofore mentioned, together with proceeds from the sale of timber, oil royalties and other minerals should be credited to a permanent fund for each of the land grant institutions. It also states that permanent funds cannot be used for any other purpose and must forever remain inviolate as the property of each of the land grant funds. The legislature has limited the investment of these funds to the purchase of general obligation bonds, such as United States Government bonds, bonds issued by the State of Montana, or counties, cities and school districts within the State of Montana. However, the interest received on such investments is distributed annually with other income to the proper land grant institutions.

The records in this department show a steady increase in the demand for state lands and considerable acreage has been sold from all the land grants during the past twenty-five years. It is interesting to note the increase in permanent funds for each of the land grants from the sale of acreage, sale of timber and minerals. We give you the following table showing the original grant, the acreage remaining and the permanent fund for each grant as of June 30, 1960:

, Fund	Original Grant	Acreage as of June 30, 1960	Permanent Fund as of June 30, 1960
Public School	5,188,000.00	4,620,808.26	\$36,892,666.80
State University	46,720.00	18,229.79	606,803.65
Montana State College—Morrill	90,000.00	63,377.71	1,120,517.92
Montana State College—2nd Grant	50,000.00	41,866.46	398,324.44
School of Mines	100,000.00	61,580.54	1,050,338.49
State Normal School	100,000.00	70,255.72	958,530.13
Deaf and Blind Asylum	50,000.00	36,375.63	450,783.79
State Reform School	50,000.00	69,745.98	354,969.59
Public Buildings	182,000.00	188,545.77	316,096.26

At this point it is in order to give you an explanation of the balances shown in the second column. More or less land has been sold during the past two years but not enough to materially effect the balance of unsold land shown two years ago. However the land received from the Glacier Park exchange and credited to the above funds has brought the unsold balance of acreage above the original grants in several instances. We therefore feel it is necessary to give an explanation covering this exchange and have prepared the following table showing acreage sold or transferred to the Department of the Interior, the appraised value thereof and the number of acres of equivalent value received for each fund in the exchange.

GLACIER PARK EXCHANGE LANDS

On November 6, 1958, the State received the patents to the 168,582.87 acres of land in lieu of the 9,353.80 acres lying within Glacier Park.

The 9,353.85 acres of timber land deeded to the Department of the Interior came from six different grants and valued at \$789,582.87. In exchange therefor the State of Montana received 168,371.78 acres of an agreed equivalent value. This land was distributed to the different grants involved as shown by the following table:

Grant	Acres transferred to U.S. deducted	Valued at	Acres received and credited to grant
Public Buildings	3,482.61	\$ 395,666.11	81,815.94
State Reform School	1,108.66	141,077.29	35,991.64
State Normal School	640.00	43,113.70	7,755.42
School of Mines	320.00	4,943.90	1,720.46
Agricultural College	755.60	12,849.24	2,400.24
Public School	3,046.98	191,932.63	38,688.08
TOTALS	9,353.85	\$ 789,582.87	168,371.78

After receiving title to the above acreage a number of isolated tracts have been offered for sale at Public Auction. As a result of these sales 27,313.92 acres appraised at \$137,567.13 were sold through competitive bidding for \$522,919.58. Sales will be held in the future in accordance with requests to purchase.

PUBLIC BUILDING GRANT

The Enabling Act placed no restrictions or limitations on the Public Building Grant and no Permanent fund is involved for this grant. All moneys realized from the sale of lands, interest on sales contracts, grazing rentals, agricultural crop share returns, sale of timber and oil royalties are disbursed as they accumulate on improvements to the capitol buildings and new construction as needs may require. A considerable acreage of the Capitol or Public Building grant is classified as timber land. Every precaution is taken to eliminate fire hazards and to preserve and protect state forest lands and any merchantable timber is offered for sale annually. During the last two years the sale of timber from this grant has amounted to the sum of \$141,475.68 and there is a balance on hand in this fund as of June 30, 1960 in the amount of \$316,096.26.

GROSS INCOME

Gross income includes all money received by this department for the use of lands remaining in all the grants made to the State of Montana under the Enabling Act. This does not include Permanent Funds received from the sale of grant lands. Of all receipts classified as Interest and Income approximately 87% belongs to the public schools of the State. Since these funds accumulate over a period of one year, and remain with the State Treasurer until the month of March before distribution to the schools, every effort is made to keep as much of it as possible invested in short term U. S. Certificates of Indebtedness and U. S. Treasury Bills at a fair rate of interest. Over the year this amounts to around \$4,000,000.00 and the interest earnings thereon is a substantial addition to the amount to be distributed.

UNIFORM PLAN FOR INVESTING FUNDS OF THE STATE OF MONTANA, STATE DEPARTMENTS, AGENCIES AND INSTITUTIONS

The Land Board for many years has supervised the investment of Permanent Funds belonging to the common school and other state institutions. In 1953 the Legislative Assembly enacted what is termed a unified investment plan for all State Departments. This law requires the State Board of Land Commissioners to also supervise the investment of surplus funds belonging to the Montana Highway Patrol, Hail Insurance Department, Public Employees Retirement Funds, Industrial Accident Reserve Fund, Teachers Retirement Fund and funds belonging to the Fish and Game Department.

FIELD DEPARTMENT

In the past fifteen years with practically all state lands under lease for grazing or agriculture, excepting of course forest lands, this department has become very important. It is headed by a Chief Field Agent appointed by the Commissioner and at all times under his direction. During the absence or disability of the Commissioner the Chief Field Agent becomes acting Commissioner in accordance with statutory provisions and performs all duties ordinarily administered by the Commissioner. Besides his office personnel four fieldmen are employed on a yearly basis with six or more fieldmen employed during the harvest season. The State of Montana is an extensive farmer, having under cultivation approximately 480,000 acres of land with one-half in crops annually and the other half in summerfallow. The legal rate of crop share to the state is not less than one-fourth of all grain crops, and this agricultural land is scattered all over the State of Montana. For this reason it is necessary to have a sufficient number of fieldmen in order to get a reasonably accurate check on the crop situation.

Livestockmen interested in grazing lands have become more or less familiar with the method used in determining grazing rentals. The 1951 Legislative Assembly adopted a formula (Reference Sec. 81-433 R.C.M. 1947) for fixing minimum annual rental on all grazing lands effective after February 28, 1952, based on the proportional relationship between the average price per pound of beef on the farm and the carrying capacity of the land. This formula has now been in use for nearly eight years. From 1953 to 1958 there was a gradual drop in the value of livestock and, with the three year basis for the computation of rentals, almost reduced the income from grazing lands one-third. In 1959 there was an improvement in the livestock market. This changed the base price per animal unit from 25c to 28c which did not add much to the grazing income. At the 1959 session of the Legislature an effort was made to improve on this situation by adding an additional 10c per animal unit for the year 1960 only, in order to provide more money for the schools of the state. Since the grazing problem is still being seriously considered by the livestock men of the state we give you the following table to show how the formula system has so far worked out.

Year Ending June 30th	*Base Price Per Animal Unit Month	Total Rental Collected
1953	43c	\$598,942.86
1954	42c	620,998.49
1955	35c	513,090.11
1956	2 8c	432,399.07
1957	25c	403,950.91
1958	25c	384,816.17
1959	28c	437,895.52
1960	54c	737,544.65

^{*}Cost of grazing one cow or 5 sheep for one month.

TOTAL RECEIPTS FROM ALL SOURCES

The total receipts received from all sources by this department vary according to crop conditions, the base price fixed by statute for computing grazing rentals and the fluctuating interest rate on investments. Income from land sales continue more or less normal. The total income includes moneys received from crop shares on approximately 480,000 acres leased for agriculture, grazing rentals, oil lease rentals, royalties, payments on land sales and on outstanding land contracts, interest on deferred payments on such contracts together with interest on bond investments. This income is from all land grant funds. We list the annual income from all sources over a period of years to show the volume of business transacted by this department.

1897 total receipts	\$ 101,755.98
1907 total receipts	829,480.06
1927 total receipts	2,287,277.17
1948 total receipts	3,856,612.38
1949 total receipts	4,100,656.65
1950 total receipts	3,698,375.26
1951 total receipts	5,199,749.91
1952 total receipts	11,146,605.17
1953 total receipts	8,113,375.35
1954 total receipts	7,620,966.79
1955 total receipts	6,894,963.39
1956 total receipts	7,125,179.21
1957 total receipts	6,865,112.33
1958 total receipts	6,376,590.06
1959 total receipts	7,037,782.95
1960 total receipts	8,593,786.39

These figures have varied slightly during recent years due to weather conditions and there is only a nominal interest in oil leases. The value of livestock is up to some extent and this will increase the amount of rental received from grazing lands, and also for 1960 the last session of the legislature added an additional 10 cents per animal unit which has materially increased the income for the schools from grazing rentals. Practically all land sales are made on 33 year contracts drawing 5% interest on deferred payments.

CO-OPERATIVE STATE GRAZING DISTRICTS

The 1939 Legislative Session passed Chapter 208 providing for the creation of State Grazing Districts.

Following the enactment of this law forty-two districts were formed and operated within the State. This law required that all state lands lying within the boundaries of a district must be leased at the going rentals. About half of these districts have been dissolved for the reason cattle herds were reduced, some of the grazing district lands were sold to private individuals and the remainder leased by former members of the district. The larger districts are still in full force and effect and operating under ten year leases.

ISLANDS IN NAVIGABLE STREAMS

Section 67-302. Property of the State. The State is the owner of all land below the water of a navigable lake or stream.

Section 67-1304 states as follows: islands and accumulations of land, formed in the beds of streams which are navigable, belong to the State, if there is no title or prescription to the contrary.

Section 81-2301 states in part that: abandoned river beds and certain slands declared property of the State. All islands existing in the navigable streams or lakes in this State, which have not been surveyed by the Government of the United States, belong to the State of Montana to be held in trust for the benefit of the Public Schools of the State.

Section 81-2302 provides for the leasing and sale of such islands.

Section 81-2303 provides authority to survey such islands and abandoned river beds.

For some years the State has leased, for grazing and oil exploration, islands in both the Yellow-stone and Missouri Rivers, sometimes over the protest of adjoining landowners and in one case of oil by the Federal government. Some of the larger islands contain considerable acreage. No survey has ever been made by the Federal government or the State government and there is no record in the State Land Department of the number of islands or of the number of acres involved. I would recommend that the Legislature appropriate sufficient funds to make this survey, establish definitely the boundaries and acreage in each island and a record thereof be made in this department for the benefit of the Public schools of the State. This would greatly facilitate the handling and leasing thereof in future years.

PERMANENT FUNDS

In the foregoing table designated as the Montana Trust and Legacy Fund there is shown the credit balance in each grant or fund as of June 30, 1960. The Common School Permanent Fund amounts to \$36,892,666.80. This balance constitutes 86.85% of the total Montana Trust and Legacy account. The Montana State College Morrill Grant and the School of Mines also have credits in excess of a million dollars. All grants show increases during the past two years and now the grand total of this account has reached the sum of \$42,478,073.81. The money represented by this account is invested in approved general obligation bonds and bonds of the United States Treasury in the following manner:

Total credits in the Montana Trust and Legacy account	\$42,478.073.81
Invested in U. S. Government bonds	
Invested in approved City, County and School District bonds 11,629,800.88	
Cash balance with State Treasurer	
\$42,477,973.81	
Plus outstanding warrant	\$42,478,073.81

The amount of bonds purchased from time to time and pending final approval and yet to be paid for, usually exceeds the cash balance on hand with the State Treasurer, however this is taken care of by the regularity of receipts to the Permanent Fund.

PERMANENT FUNDS

In the foregoing table designated as the Montana Trust and Legacy Fund there is shown the credit balance in each grant or fund as of June 30, 1960. The Common School Permanent Fund amounts to \$36,892,666.80. This balance constitutes 86.85% of the total Montana Trust and Legacy account. The Montana State College Morrill Grant and the School of Mines also have credits in excess of a million dollars. All grants show increases during the past two years and now the grand total of this account has reached the sum of \$42,478,073.81. The money represented by this account is invested in approved general obligation bonds and bonds of the United States Treasury in the following manner:

Total credits in the Montana Trust and Legacy account	\$42,478.073.81
Invested in U. S. Government bonds	
Invested in approved City, County and School District bonds 11,629,800.88	
Cash balance with State Treasurer	
\$42,477,973.81	
Plus outstanding warrant 100.00	\$42,478,073.81

The amount of bonds purchased from time to time and pending final approval and yet to be paid for, usually exceeds the cash balance on hand with the State Treasurer, however this is taken care of by the regularity of receipts to the Permanent Fund.

TOTALS	663	256,938.45

TABLE NO. XXII.

REVENUE FROM OIL AND GAS LEASES

July 1, 1958 to June 30, 1959: Rentals and bonuses Penalties	\$ 661,270.05 260,404.78	\$ 921,674.83
July 1, 1959 to June 30, 1960: Rentals and bonuses Penalties	\$ 622,743.05 236,729.90	\$ 859,472.95
July 1, 1958 to June 30, 1959: Royalties	\$ 729,691.69	
July 1, 1959 to June 30, 1960: Royalties	\$ 617,016.64	

Heavy cancellations were due, apparently, to a policy of the petroleum industry to hold only as much acreage as it can explore, then cancel and move to another area. There is no doubt, also, that budgets are restricted.

Decline in royalty revenue is due to a number of factors, of which the following are most evident:

- 1. Most of the old wells are depleting rapidly. Several are more than thirty-five years.
- 2. In the period 1956 to 1958, the following leases produced enough oil to pay royalties in the 17½ and 25% class:

British-American in Carbon County Oliver on Ivanhoe Dome Pan American in the Pine Creek area Texaco Inc. near Glendive Shell's Penell

From 1958 to 1960, only the Pan-American and Texaco Inc. leases produced monthly in the $17\frac{1}{2}\%$ and there were no 25% producers.

3. Decrease in price due to large stocks of crude on hand at refineries throughout the nation. This decrease is a minimum of 25c per barrel.

More oil is being produced on state land now than two years ago, according to the following comparison:

June, 1958 20,206.39 bbls.

June, 1960 30,327.74 bbls.

LEASES IN OIL PRODUCTION ON JUNE 30, 1960

Field	County	Leases	Wells
Bowes	Blaine	1	11
Cat Creek	Petroleum	2	5
Clark Fork	Carbon	1	3
Cut Bank		10	62
	Fallon	1	3
Gas City	Dawson	1	2

Sheridan	Sheridan	1	1
Sumatra	Musselshell	3	8
TOTALS		52	310

Leases in gas production, 77. Gas from these leases averages \$21,000.00 annually.

Unit plans of operation:	Operator
Pine	
Cedar Creek	Shell
Belfry	Humble Oil and Refining Company
Little Deep Creek	Shell
Wills Creek	She11

RENTALS, BONUSES AND PENALTIES RECEIVED SINCE THE TIOGA DISCOVERY

Year Ending June 30	Receipts	
1951	\$ 256,928.59	
1952	5,734,265.48	
1953	1,617,075.08	
1954	434,991.45	
1955	1,478,955.15	
1956	1,638,981.50	
1957	1,330,487.38	
1958	496,421.94	
1959	921,674.83	
1960	859,472.95	\$ 14,767,254.25

ROYALTIES FROM OIL AND GAS LEASES SINCE 1951

Year Ending June 30	Receipts	
1951	\$ 129,516.94	
1952	107,782.89	
1953	146,634.63	
1954	288,521.01	
1955	354,383.89	
1956	352,376.96	
1957	496,540.84	
1958	628,633.31	
1959	729,691.60	
1960	617,016.64	\$ 3,851,098.71

Of the rentals, bonuses and penalties, 95% goes into the Interest and Income Fund to be distributed among the school districts of the state at the end of each calendar year.

Royalties, plus 5% of rentals, bonuses and penalties, go into the Permanent Fund, the interest therefrom being added to the distribution.
